How To Play

LET IT RIDE is a simple but exciting game that follows the standard rules of Poker. You place an equal wager in each of the three betting circles marked "1," "2," and "3." The dealer then deals three cards to each player face down and the dealer receives two community cards (placed face down in front of the dealer) that all players use to complete their five-card hand. Players then view their cards.

If you think you have the beginning of a winning hand, you say, "Let it ride." If not, you ask the dealer to push back the bet.

The dealer then reveals the first of the community cards, which becomes the fourth card in each player's hand. If you still feel confident, you say, "Let it ride." If not, you tell the dealer to push back the bet. The dealer then reveals the second community card, which completes all players' hands. Each player who has a pair of 10s or better wins, and the better the hand, the higher the payouts. (See chart below.)
